

PSFBC PRAYER REQUESTS

We have a prayer team who is faithfully praying for PSFBC and sharing prayer requests from our ministries. Please use this list throughout the month to pray for these items from PSFBC ministries.

Student Ministry:

There are about a dozen students signed up for our first winter camp in several years taking place in February 20-22. Pray for a wonderful, fun, and safe weekend away and for the students to encounter the Lord in a special way.

Trustees:

The State Fire Marshall is now reviewing our application. Pray for approval. Pray how God would have you support this project financially. Pray for excitement with our ministry partners in Alabama to help us with this addition.

Outreach:

Pray that we would take advantage of organic outreach opportunities and that each of us would be ready to invite those we know to connect with God at PSFBC.

Community:

Let us be intentional about praying for our community. Pray for the neighborhoods and families around the church. Pray for people new to the community as well as those here for many years. Pray for our church to be a loving, faithful light for Jesus to all of our neighbors.

STEEPLE NOTES

February 2026

Open Up
and
Invite

Our emphasis for 2026 is to open up your life and invite people to get to know you and for you to get to know them. Already, we have had special training on how to share our testimony, which is a natural way for Christians to connect with each other.

I encourage you to seek out someone in the church or in your neighborhood to join you for dinner or coffee or tea or a walk. It takes an intentional effort to connect with people the longer we go without making a habit of hosting others. So, make a plan, and act on it soon.

For the sake of God's Kingdom, and your own personal and relational well-being, it is worth the investment of getting to know other people who could grow to become a great new friend.

Be in prayer as you plan to take up this challenge and be ready to say yes if someone reaches out to connect with you.
